SHERIFF and JAILER

There has recently come to my attention a report in circulation to the effect that if elected sheriff I shall not occupy the sheriff's quarters at the jail or act as jailer.

I wish to say that such report is entirely without foundation.

If elected sheriff I shall, as repeatedly stated, devote my entire time and attention to the duties of that office, shall occupy the sheriff's quarters, and shall act as jailer.

As I am an independent candidate, so I will, if elected, be an independent officer, ready at all times and in all circumstances to do my full duty.
